Culturally aware programs treating:

- Alcohol & other drugs use
- Volatile substance use

STRONGER - TOGETHER

WHO WE ARE:

CAAPS programs provide a lot of help to families and people who use alcohol and drugs.

CAAPS programs are made for **Aboriginal and Torres Strait Islander people.**

CAAPS thinking is that alcohol and other drugs use can be helped by getting the whole family into the program.

CAAPS has:

- 12 Week AOD Residential Program
- Children's Program
- 16 Week VSU Residential Program

Visiting Hours Are

Sunday afternoon - 1:00pm to 4:00pm

Visits at other times must be checked with your Case Worker. All visitors go to staff on duty before coming into CAAPS and have a bag search. Visitors who have been drinking grog or taking drugs are not allowed to come in.

ASSESSMENT:

At CAAPS, we help family too so you can focus on your program. We make sure we can keep everyone as safe as possible. We ask you to tell us why you need to be in CAAPS and we check your criminal history.

Criminal History:

We need anyone over age 16 who wants to come to CAAPS to have a Criminal History Check. Don't worry, we will help you get this done.

Assessment:

We will set up a time to talk to you - this can be in the office or by phone. During this talk, we will ask about your alcohol or drug use as well as any other things that might be happening in your life.

If you get into the CAAPS program, we will let you know a date when you can come in. If you can't start at that time, but still want to come into CAAPS, you will need to tell us as soon as possible.

You can contact CAAPS Healthy Families on 8922 4818 between 8:00am to 4:00pm on weekdays to check on how your application is going.

If you get into the CAAPS program, you will need to do all program activities as well as go to all your appointments.

CHILDRENS PROGRAM:

Children coming to CAAPS with you who are 1 year or older and who are not at school can go to the children's program. School aged children need to go to school and will be taken to and from school by CAAPS' staff.

The children's worker will help you with forms and any questions you have.

Our children's program is a happy, fun and safe place where kids can learn and play.

Children are supported if other help is needed for learning, hearing or talking.
